Subject: EIC Issuance by HHSC

Managers,

We are working with HHSC to get their personnel trained to issue EICs in the following counties:

- Archer
- Blanco
- Falls
- Post
- Potter
- Sabine
- San Saba

I have reached out to the HHSC POC and he will provide me with regional POCs for the offices located in the counties above. Once I get them, I will ask you to establish contact with those people and arrange to train and equip them to issue EICs.

v/r

Tony Rodriguez

Duke-

I have been visiting with Erica Stick at HHSC. She has been able to locate potential permanent solutions for EIC in the following counties: Archer, Blanco, Falls, Post, Potter, Sabine, and San Saba. Rolando Garza (512-424-6660) Deputy Executive Commissioner for Support Services is running point on implementing for HHSC and is the proper contact person.

Next step on the remaining 19 counties will be to contact the folks at Department of Agriculture and see if they have County Extension Agents that would be willing to operate the EIC machines in the remaining counties. Are there any objections to such an effort?

I will follow-up with Erica on the location of HHSC assets in the counties she has identified.

Thanks.

John

Hi, John. We ran the list against our facilities and we have a presence in seven of the counties (Archer, Blanco, Falls, Potter, Sabine and San Saba). The attached spreadsheet has exact location information. We will make ourselves available whenever it's convenient for your folks to discuss how we can help and next steps.

Erica-

The state of Texas has been undertaking to have each of the 254 counties in our state have a location where any of the citizens of those counties may obtain a photo ID in order to vote. To that end, the DPS has purchased a number

of computers that allow a non-DPS person to process the intake for an election ID. The DPS has also provided the short tutorial on the process.

I have attached the latest map of coverage for election ID availability in Texas. The DPS has attempted, with great success, to obtain MOU's with the approximate 79 counties that were without a DPS license office. There remain 26 counties (in blue on the attached map-sans Hudspeth and Bandera counties) without a MOU to operate the mobile election ID unit.

Does HHSC and its various Departments have a physical presence in the 26 counties? If so, may we visit as soon as possible about executing an MOU to operate the mobile election ID in those 26 counties?

Thanks.

John
